# Liquid Nitrogen Dosing Systems

## Craft Beer DITCH THE WIDGET®

- ✓ Excellent Cascading
- ✓ Stable Creamy Head
- ✓ Lighter Can
- ✓ Lower Packaging Costs

Dosing The World One Drop At A Time

*"Adding the Chart doser to our line gives us a lot of flexibility. We can make a better product, have a higher quality with low D.O. in our cans, which is something you don't expect from a small brewery. This also gives us a much greater shelf life. We can now nitrogenate anything with the doser at the same time. So we can get really creative with any beer we want to make."*

*Jason Santamaria, President, Second Self Beer Company*

# Engineered for Efficiency—Built to Last

## A Turnkey Approach

Chart engineers work closely with our customers to ensure that the total system is designed properly, making the dosing system as effective as possible. Chart's turnkey approach ensures consistent, quality liquid to keep your doser operating at peak efficiency. Built for long-term integrity and industry leading efficiency, these systems give our customers the highest performance at the lowest operating cost, while having a single point of contact.
