## How does Chart's Leasing program help your business?

## **Chart Leasing Details**

Chart currently offers sales lease options to customers. Sales leases can be advantageous by allowing conservation of capital, flexibility to build your business with lower up front investment and support through the duration of the lease. Our objective is to support you by delivering exceptional service and innovative, solution-oriented problem-solving.

## ✓ FAQ

- Chart Leasing offers standard terms: 5 Year, 20% down, tier interest rate structure. Special terms can be requested and require approval per the ROA.
- Leasing options are considered globally. For customers outside the domestic US, the approval process can take more time. All approvals are subject to factors such as tax regulations, management review and credit worthiness.
- New customers require an approved credit application. Tax exemption certificates should be provided at this stage if applicable. Note: This can take several days to receive approval.
- When requesting a quote please be sure to include:
- Sales Ouote
- Intended location of equipment
- Requested terms
  - For all quote inquires, please email: Sales-Leases@chartindustries.com
- Chart Leasing offers support from the quoting process through the duration of the lease. This includes warranty related issues, billing inquiries, and any ad hoc requests.
