

Opening of our new workshop in the United Kingdom

We are proud to announce the opening of our new state-of-the-art facility in Chesterfield, bringing together the strengths of Howden's rotating equipment expertise and Chart's leading cryogenic solutions.

Workshop capabilities

Specialised expertise

Our workshop is staffed with highly skilled technicians all equipped with extensive experience in the repair and maintenance of:

- Compressors
- Steam Turbines
- Fans
- Air Heaters
- Cryogenic Trailers

Cutting-edge equipment

We have invested in the latest tools and machinery to ensure efficient and precise repair work on your equipment.

Visit us at our new workshop

Please feel free to reach out to us with any enquiries or to schedule maintenance or repair services:
