STEM careers

To showcase the benefits of apprenticeships schemes, we are committed to developing relationships with local schools to encourage them to explore Engineering and promote STEM careers.

We are also passionate about contributing to gender diversity in apprenticeship programmes; as females currently make up less than 18% of higher apprentices in engineering and manufacturing.

Supporting you today,
to create a sustainable tomorrow

It's time to make your mark

Join the Howden Apprenticeship Programme

About us

We design, manufacture, install, commission and support Steam Turbines, Reciprocating Gas Compressors and CHP solutions.

For decades, we have been providing the youth of Peterborough with an exciting apprenticeship opportunity which can lead them to a very rewarding career. We recruit a new intake of apprenticeships every year.

We pride ourselves on recognising the value of our people and supporting them to grow, develop and make a real difference.

Our diverse, talented, and inspiring people make us Howden!

Apprenticeships available

Whether your interest is in an engineering apprenticeship, a design apprenticeship, or a business apprenticeship, we offer paths for all. There is no better place to start your career than at the home of Peter Brotherhood equipment.

- **Engineering**
 - **Manufacturing**
 - **Maintenance**
 - **Supply Chain**
