

The Western Canada Service Centers are Geared Up for all Compressor Requirements

Our reciprocating compressor parts and reconditioning services include:

- **Compressor Valve** - Manufacturing, Reconditioning and Tailoring
 - **Piston Rod** - Manufacturing, Fivealloy and Tungsten Carbide Spraying
 - **Packing & Wiper Case** - Manufacturing and Reconditioning
 - **Piston & Rider Ring** - Design and Manufacturing
 - **Piston** - Repair, Design & Manufacturing
 - **Cylinder** - Sleeving, Spraywelding and Boring
 - **CPI Packing and PTFE/Polymer Alloy Materials**
 - **Lubrication System Products & Field Service**
 - **Proflo® Monitoring Devices**
 - **SAFEGUARD™ 5000 Lubrication System**
 - **Valvealert™ Valve Monitoring System**

CPI, part of the Howden group, is an industry-leading manufacturer of precision engineered components for reciprocating compressors used in petrochemical, refining, natural gas, and offshore industries. The CPI product range includes packing, piston and rider rings and a complete line of compressor valves designed to provide each customer with maximum performance and reliability for their application. In addition, CPI offers the highest quality lubrication system technology for further compressor efficiency and protection.
