

WarrantyPLUS Mobile Equipment Service Package

Service package
that extends
manufacturer's
warranty up to
6 years

Through our extensive European network WarrantyPLUS is the industry's only comprehensive service program that not only ensures your mobile equipment operates reliably, safely and at maximum effectiveness throughout its lifecycle, but also extends the manufacturer's warranty up to 6 years.

How does WarrantyPLUS work?

- Fixed monthly payment for the duration of the contract
- Service intervals of 6 months
- Book your vehicle into any of Chart's authorised cryogenic service centres across Europe

What does WarrantyPLUS cover?

- >100 point inspection plan with detailed report
- All Chart and GOFA built trailers, semi-trailers, rigid bodies and Orca
- All cryogenic components including outer vessel, vacuum, pumps, valves, vaporiser, flowmeter and piping systems
- Road worthiness including subframe and axles
- Warning systems, safety equipment and electronics
- Painting
